Despite more than four decades of feminist, anti-racist, queer, and other insurgent scholarship, the work and the scholars who produce it still face many barriers in the academy. This strategy and action workshop will focus on developing a plan of action for overcoming these barriers. The morning session will feature a panel that will discuss barriers to and strategies for promoting and disseminating paradigm-shifting intellectual projects in the academy. In the afternoon, participants will work on developing concrete proposals for collective action that can be implemented within the AAR and our home institutions.

The cost of the workshop is \$50, which includes registration, materials, and a meal. For more information, please contact [this form](#).
