

The AAR is making it easy for members to purchase Renewable Energy Credits when traveling to the Annual Meetings. By simply clicking a box during the [registration process](#) , members can choose to give \$15 to

Native
Energy.

The AAR's Sustainability Task Force selected *Native*Energy because of its commitment to reducing greenhouse gases while supporting its sustainability projects.

Native

Energy helps assist Native American, farmer-owned, community-based renewable energy projects that create social, economic, and environmental benefits. These projects displace electricity from fossil fuels and reduce other greenhouse gas emissions.

The AAR and SBL are pleased to have collected a total of \$8,250 from 550 participants in this [carbon offset](#) program for 2011. In addition, the AAR and SBL earned \$274.60 from the sale of Bay Area Rapid Transit (BART) vouchers. Along with a \$500 donation for the AAR and SBL's staff travel, we sent

Native

Energy a check in the amount of \$9,024.60, which went towards the development of [The Iowa Farms Wind Project](#) in Northern Iowa.

If you would like to see the project dedication video for the Iowa project the 2011 contributors supported with the carbon offsets, [click here](#) .

To learn more about *NativeEnergy*, visit www.nativeenergy.com. The AAR and SBL are continuing this program in 2012. We encourage you to make this inexpensive commitment to helping make our meetings more environmentally friendly.

Thank you to all of our 2011 AAR contributors:
